UPGRADES

Upgrade to a higher version
and unlock more possibilities!

**Pay only the difference
between your current
version and the new version
you choose.**

For upgrades from a lower-tier version to a higher-tier version, an additional payment equal to the difference between the price of the current version and the newly selected version will be required. An upgrade is not considered a new order. Therefore, no shipping costs apply. The existing card can continue to be used after the upgrade. Only the applicable limits will increase accordingly.
